College Researched _____

Directions: Please review your completed PowerPoint slideshow. For each slide, please write at least 3 statements you can make about the content of that slide. **Your statements cannot contain factual information that is already printed on screen.** You may comment about the factual information shown or provide new information that might be of interest. Some leading questions have been provided for each slide below – answer them or create your own personal commentary. You may use these notes during your presentation! This is your “speech”!

Slide 1 – Why did you want to research this school? How did you hear of this school? Now that you know about this school, would you have chosen it or another for this project?

Slide 4 – Now that you know about the size and population of this school, does it fit your ideal? What would you prefer for yourself? What do you think of the ratio of men to women?

Slide 2 – How difficult or easy is it to get into this school? Did any of the statistics surprise you – why? Is this a school you would CURRENTLY qualify for?

Slide 5 – Why did you choose this program to research? What is it about it that appeals to you? Is this a program you would personally be interested in participating in?

Slide 3 – What do you think of the school’s culture based on the evidence you found while researching? Did you “take” the virtual tour? Did you see anything that appealed to you? Is this a sports-focused campus with lots of school spirit?

Slide 6 – Why are these things important to you? How did you choose these characteristics?
