CALIFORNIA TOP TEN RANKED SCHOOL

October 1, 2009

Dear Family and Friends of Foothill Technology High School,

In addition to funding teacher grants, library support, AVID, Renaissance, graduation activities, testing snacks, teacher appreciation, and much more, PFSO (Parent, Faculty, Student Organization) maintains an Expenditure Committee that meets monthly to hear teachers' requests for classroom needs that are not met by current state and local funding.

Without your support, additional enrichment items for your child would not be available. Some examples of the larger items funded by this subcommittee in the past few years include:

Item:

- Rosetta Stone Language Software
- Camcorder for recording school events
- Pull up bars for physical fitness lab
- Emergency /safety supplies
- Molecular models, fetal pigs, calculator kits
- Funds to provide college tutors for AVID students
- Literature books, two document cameras, teacher conferences

Department:

- Spanish
- Fine Arts
- Physical Ed
- All Depts.
- Science
- AVID
- English

As the State of California continues to cut funding for public education, in turn, so must districts cut funding to schools. However, with persistent effort, we can continue to raise the quality of education at Foothill Technology High School, by supporting the classroom experience in as many ways as possible. Teachers come to PFSO regularly looking for this support and with your help we hope to maintain it.

If you have any specific questions about the Expenditures Committee, feel free to contact us. Thank you in advance for your support.

Sincerely,

Cynthia Schneider
